Hi, Everyone,

Please welcome Jerry and Diane. They will be serving refreshments after the 10:30 mass. Please review the schedule above, and feel free to switch as is needed. Just a reminder, I am asking that all who serve coffee after 9:00 mass to please make coffee for both masses, and, after serving it after 9:00 mass, to not clean up the pot, but leave the remainder to be served after the 10:30 mass. We will continue to need to make a whole urn (55 cups). To do that, I suggest you use about 5 metal measuring cups, filled to between  $\frac{2}{3}$  and  $\frac{3}{4}$  full, so as to use  $\frac{2}{3} - \frac{3}{4}$  cups for every 10 cups. And to those who normally serve coffee and doughnuts after the 10:30 mass, before mass, would you please make sure you have enough coffee for the end of mass. If the amount of coffee available is less than you think you might need for 10:30 mass, please make a 10 - 12 cup pot so it's ready by the end of mass, and then to clean up the coffee pot after 10:30 mass. And, please give me a call if you notice that we need something, either on my home phone number (above) or on my cell (Cleveland #) 440/596-9302. Thanks, for your generous gift of your time. Rhoda
